The jewel of Tasmania

LUXURY

The concept of luxury comes in different forms for different types of people.

For some, luxury can be defined as 1000-count bed linen, designer furniture, full-day spa pampering and world-class food and wine. For others, it is the time and space to do what you want, when you want – to breathe the freshest coastal air, to wander on a near-deserted beach and to stare into a blazing orange sunset. And then there are those who look for the personal things... a concierge who finds you just the right novel to relax with a glass of wine, a guide who explains the history of a spectacular landmark you spy when out on an adventure, or a housekeeper who takes the time to turn down your bed, lay out your robe and slippers, and light the

room with a calming ambience while you're out enjoying dinner.

Saffire Freycinet is an inspirational coastal sanctuary offering sophisticated luxury in every form.

It's a rejuvenating and enlightening haven nestled amongst The Hazards pink granite mountains, white sand beaches, grey-green bushland and the iconic blue waters of Freycinet Peninsula.

Distinct in its design, exclusive in its features and set apart by its approach to uncompromising service, Saffire approaches each guest as an individual, encouraging you to involve yourself as much or as little as you like in our experience and the surrounding environment.

SANCTUARY

When creating Saffire's accommodation spaces, we didn't have far to look for inspiration.

The unique, vibrant colours of Freycinet Peninsula have become the living heart of Saffire's 20 luxuriously appointed suites – the glowing pink granite of The Hazards mountains, the impossibly white sandy beaches, and the sapphire-blue waters and grey-green of the native bushland.

Our aim was to unite the Saffire experience with the surrounding environment, seamlessly connecting outside with inside to create a relaxing, rejuvenating and unforgettable sanctuary.

As you will discover, the quality of light on Tasmania's east coast is unique and captivating.

Each suite – whether Deluxe, Luxury or Premium – has been designed to take best advantage of this soul-warming asset, allowing it unlimited access, as well as maximising one of the world's most magnificent views, and maintaining the utmost privacy from neighbouring suites. The suites are designed to encourage a connection with the environment, and provide an enriching experience we hope you will take home with you.

INDULGE

Tasmania's east coast boasts some of the cleanest air and water in the world, and has attracted farmers of the land and sea (including its original Aboriginal inhabitants) for tens of thousands of years.

Today, it is home to a thriving combination of aquaculture and agriculture, with fine food and wine produced right on Saffire's doorstep.

The climate, reminiscent of the south of France, produces stunning, flavourful cool-climate wines such as Chardonnay, Pinot noir and deeply layered sparkling wines that have won international acclaim. The surrounding fishing ports see a daily parade of crayfish, scallops and deep-sea fish lifted dripping off the local boats, salty-sweet and fresh from the water. Plump, succulent oysters are farmed practically on Saffire's doorstep in the pristine waters of Great Oyster Bay. Nearby, enterprising mussel farmers have created the world's first commercial mussel hatchery at Spring Bay.

Sourcing the best from Tasmania's succulent grass-fed beef and lamb, full-flavoured game meats, fresh herbs and spices and seasonal fruit and vegetables, our chefs choose the finest regional produce to craft cuisine that highlights the best of the east coast.

Palate Restaurant takes the very best of local produce, tailoring dining experiences to suit all tastes.

Multi-course degustation menus matched with outstanding local wines are a speciality, with menus designed around what is fresh out of the water or the paddock on any given day. If you prefer you can consult the chef for a masterful interpretation of your favourite dish made from the finest local ingredients, or choose from the à la carte menu – we're at your service.

Taking its inspiration from the home environment, our lounge is the ultimate in 'classic cool' – a sumptuous place to collect a book from the library or meet for a drink, and then sink into our eclectic mix of chic furniture from original 1950s designers and manufacturers.

A nightcap over a board game by the five-metre fireplace would be the perfect way to wind down. And on balmy nights you may wish to retire to the courtyard to watch a breathtaking Freycinet sunset.
